

C5.0.1 Policy Statement

As a General Contractor in the Construction industry, Kenaidan Contracting Ltd. is committed to ensuring that practical and effective measures are in place to both protect the Health & Safety of our employees, customers, sub contractors, suppliers and the general public; and to ensure all workplace parties comply with the Occupational Health & Safety Act, and other applicable regulatory requirements. As President and an Owner of Kenaidan, I give my personal promise that every reasonable precaution will be taken to eliminate the risk of injury, occupational illness and workplace hazards on all Kenaidan projects.

Our commitment to Health & Safety relies on the commitment and active participation of our Senior Management, along with the efforts of our Health and Safety Committees, Site Supervisors, and each and every worker in the application of this policy and the program which supports it. We recognize that every worker has the right to work in a safe and healthy work environment, to this end, we charge all workers to Care Enough to Act (); to take every action necessary and reasonable to ensure their own health and safety, as well as the health and safety of all workplace parties.

Kenaidan, as an Employer, is responsible for providing our workforce with the necessary tools, equipment and training to ensure a safe and healthy work environment and is committed to the prevention of injury and illness. Our Supervisors and Managers are responsible for monitoring compliance to the Health & Safety measures and controls implemented on site. The company is committed to providing an open and supportive work environment, where all workplace parties can feel comfortable to identify and address opportunities for the continuous improvement of our Health & Safety program, including setting objectives and targets, measuring our performance and an annual review of our policy.

Health & Safety is everyone's responsibility and all workplace injuries and incidents are preventable. It is for this reason that Kenaidan's Health & Safety program is the key component of our organization's strategic initiatives and an integral part of our Integrated Management System and our Core Values.

Our ultimate goal is to ensure that every worker returns home safe and healthy at the end of each work day.
